

# **FEARLESS ZEN HONOUR®**

## **PRIVACY NOTICE**

### **WHAT INFORMATION DO WE COLLECT AND HOW DO WE USE IT?**

- When you place an order through our website, we need to know your name, e-mail address, and credit card details if paying by credit card. This allows us to process and fulfil your order successfully. It also helps us in maintaining your account.

### **HOW DO WE PROTECT CUSTOMER INFORMATION?**

- When you place an order we use a secure server to process the transaction. The Secure Server Software (SSL) encrypts all information you input before it is sent on to us. This means that all of the sensitive customer data that we collect is protected by several layers of encryption and several layers of security to prevent unauthorised access. We aim to protect your data at all times.

### **CREDIT CARD DETAILS**

- All credit card payments are processed securely through PayPal, Stripe or other authorised third-party. Fearless Zen Honour does not store any credit card information on its servers.

### **HOW ARE 'COOKIES' PROCESSED?**

- "Cookies" are small pieces of information that are stored by your browser on your computer's hard drive.
- Our cookies do not contain any information to personally identify you when you visit our website. These cookies allow you to place your online order and to login once you are subscribed. Most internet browsers automatically accept cookies, but you can usually change your browser to prevent that. You will need cookies enabled to use the Fearless Zen Honour website, and you should see this prompt when you first visit the homepage.

### **YOUR CONSENT**

- By using our website, you consent to the collection and use of this information by Fearless Zen Honour. If we decide to change our Privacy Policy, we will communicate these changes in a timely manner so that you are always aware of what information we collect, how we use it, and under what circumstances we disclose it.

### **PAYMENT GATEWAY INFO**

- Our payment options presently available are limited. However, most importantly, these are safe and secure. Credit Card payments are made directly through a 128-bit SSL Encryption software to ensure that your personal details are kept safe. To preserve the security of your transaction, none of your payment details are stored.
